

Design Awards Finalists

ISS members have voted and we are delighted to present the finalists for the 26th Annual ISS Design Awards.

Votes—a privilege of ISS membership—are cast annually for a remarkable collection of yachts as nominated by the superyacht industry and stakeholders.

We thank all who participate in bringing these astonishing feats of design and engineering to the global marketplace and to those who take the time and deliberation to present their vessels, to vote for them and the judges who now have the awesome responsibility to carefully weigh—in great detail—the merits of each.

The winners will be announced at the 26th Annual Gala for Design & Leadership on 2 November 2016 at the Broward Center for the Performing Arts.

For all attending this prestigious evening, remember the awards ceremony commences *before dinner* at 7:00 pm.

Power 24-40m

Babbo, Cantiere delle Marche
