

Good for You. Good for Your Business. Good for Our Industry.

ISS's Mission is to Ensure Sustainability & Excellence in the Global Superyachting Industry.

ISS was founded in 1989 and represents the large yacht industry. Our mission is delivered by building alliances worldwide with regional and functional associations; to serve as a communications conduit for issues affecting the marketplace, owners, crew and industry members; and to recognise achievement as well as provide educational opportunities and networking events.

The organisation is member driven and reliant on the volunteer work of Board and regular members supported by our marketing and administrative staff. Our funding comes from our members and sponsors which in turn enables the ISS to work on initiatives that benefit the large yacht industry.

Following each quarter, we applaud those members who are new and who re-join by listing them in our newsletter. Thank you for your continuing support.
