

## 2017 Board of Directors Election

If you are an ISS member, a key benefit is voting. Each January, members vote for eight individuals to join the ISS Board of Directors for three-year tenures, those who sustain the Society by their vision and prioritize the initiatives and actions undertaken each year for the good of the industry.

Each year's ballot represents both end-of-term directors and nominees as submitted by members, another privilege membership affords.

As is the case each year, the 2017 ballot includes the large yacht industry's most compelling people.

If you are not a member, join today! <a href="www.superyachtsociety.org/Members/Membership">www.superyachtsociety.org/Members/Membership</a> You have until midnight 3 February 2017 to cast your vote.
